PLEASE READ THIS TO YOUR STUDENTS AND POST IN YOUR CLASSROOM

YOUR STARRING ROLE IN THE THEATRE

As an audience member, you are a STAR!
You play an important role in the performance community.
The artists need YOU in order to give you their best work.

S.T.A.R. Audiences

S **SUPPORT** the artists by being attentive and focusing on the performers.

T **TUNE IN:** listen and watch for understanding.

A **APPRECIATE** the performers by clapping at the right time. For example, when a scene or dance ends, or when the stage lights fade to dark.

R **RESPECT** the performers and other audience members. At a performance, you, the others in the audience, and the artists are sharing this experience together and are part of a performance community. Think about ways you can best support the community's performance experience.

We know you will be a STAR today and will help your classmates shine too!
